

Greetings,

It's summer break! – Or is it?

Graduation was on May 10th with 10 students graduating from the Bible College and 11 students graduated from the Missions Language School. After graduation most of the student body left campus to go to various locations to serve the Lord in spreading the Gospel in their ministries.

Some have gone back to their home countries to do their practical ministry portion of their education at churches back home, some are doing this same thing in churches in the United States where there is a need for Spanish speakers to teach God's word to Spanish speaking communities. Others are doing their practical ministry with various missions' agencies. We have two groups of students that travel the United States throughout the summer playing music for different churches to bring awareness of the ministry here at RGBI and share the Gospel message.

Others are away in faraway countries teaching God's word to people of different cultures. The countries the students are going to this summer are the Amazon, Cambodia, Middle East, Mozambique, North Africa, Pacific Islands, Paraguay, South Asia and Spain.

TRAVIS: In many ways things have slowed down around campus. However, not for Travis. This is when he can get a lot of work done that is hard to accomplish while school is in session. There is a lot of hard ware and network tasks that need to be completed all over campus before the next session begins in August, such as repairing printers, configuring computers, setting up new network technologies, etc..

God has called us here to meet these needs so that RGBI's staff, faculty and students can have the technology they use for teaching, homework and ministry working effectively and reliably to accomplish the work God has called them to. Thank you for your generous support in this ministry by the giving of your time to pray for us and the students and ministry here at RGBI, and for your generous financial support which is needed for us to live and serve here at RGBI.

ANGIE: Angie has been doing well over all through the pregnancy, there were a couple weeks where she was having a lot of pain and was on bed rest, however we give thanks to God that her pain has subsided a bit and her and the baby are doing well. She is still taking it easy but the pain is much better to where she can actually get around when she needs to. Our baby boy is due on June 23rd.

KIDS: We had a very exciting May with Kay finishing up her last year of home schooling and Missions Language School. She is now using her extra time to assist with the education of her younger siblings and to work on her book. She is planning to publish her first book this summer which she has been working on for a couple years. Joseph is enjoying his studies. I'm actually going to start bringing him and Samuel, his younger brother, along to start helping me with more of the IT work around the campus. Asher is full of energy and loves to catch as many bugs, frogs, lizards and any other creatures that he can keep for a pet.

Needs: Our biggest need is to reach 100% of our financial support to live and serve at RGBI. The second is that we need a larger or 2nd vehicle, or a third seat for our current vehicle which is a 2000 Chevy Tahoe. Our current vehicle will not seat our growing family. We are praying that God will somehow provide a vehicle that seats at least 7. Please pray for God's provision in these areas.

Our Financial Report: February: 21% March: 62% April: 36%. We need at least 65% in order to keep our apartment on campus.

Prayer Requests:

Please prayerfully consider joining us in our work here by praying for us and teaming with us in financial partnership.

Please pray for the missionary students, for God's provision and protection while they are traveling and serving in various countries.

Please pray for the graduating students, that the Lord will give them wisdom and strength and that He will take them where He will have them serve.

Please pray for wisdom, provision, and protection for staff and students of RGBI that are traveling during the summer for their summer ministries.

Travis and Angie Valley
